IMPRESSIVE CEREMONIES HELD BY ODD FELLOWS

Odd Fellows New Hall Is Dedicated

Grand Lodge Accepts Hall For Furtherance of Work of I. O. O. F.

GRAND OFFICERS ATTEND
Civic and Commercial Officials Praise New Structure of Organization

Richmond Odd Fellows dedicated their new home yesterday afternoon with a large gathering of state officers, city and county officials, visiting members and others in attendance. A banquet at 6 followed by a grand ball at 9:30 p. m. concluded the program of dedication.

The new lodge room on the second floor of the recently finished building on Tenth street between Macdonald and Nevin avenues was the scene of impressive ceremony.

Following the report of Jesse C. Hitchcock, president of the Richmond Odd Fellows hall association, that the building had been completed and ready for dedication, the ceremony was taken over and conducted under Emmett C. Rittenhouse of Santa Cruz, grand master of the California grand lodge of Odd Fellows.

The impressive Odd Fellows ceremony of dedication by the grand officers of the order who include:

C. A. Palmer, Orange, deputy grand master; C. H. S. Bidwell of Sacramento, grand warden; U. G. S. Clifford of San Francisco, grand secretary; J. W. Harris of San Francisco, grand treasurer; K. C. Brueck and Lloyd Cohn, both of Stockton, grand representatives; Rev. H. S. Felix of San Francisco, grand chaplain; T. J. Berry of Fresno, grand marshal; C. D. McCormick of Colusa, grand conductor; R. G. Casaley of Compton, grand guardian; M. P. Forbes of San Francisco, grand herald; John Glasston of Grass Valley, grand trustee; Joseph Foster of Lakeside, grand trustee; E. H. Black of San Francisco, grand trustee.

Outstanding in the ceremony was the building of the altar which was constructed as a part of the ceremony and included in its make-up stones representing Purity, Love, Friendship, Truth, Faith, Charity, Fidelity, Ideal, of the Rebekah lodge and a top or crowning stone of Universal Justice. Music furnished by the Santa Fe quartet and Denny Shaws orchestra was an outstanding feature of the ceremony.

Mayor W. W. Scott, speaking as a representative of the city in his address of welcome, said among other things:

"I bring to you the greetings, best wishes and congratulations of the people of Richmond. This wonderful building which you have built here and are now dedicating will be a guide to the citizens of Richmond in their future progress. Every citizen of Richmond joins with me I am sure in wishing you continued success in this your beautiful new home."

Upon the presentation of the hall dedication by Hitchcock, Rittenhouse accepted it in the name of the Grand Lodge of Odd Fellowship.

H. A. Johnston, president of the Richmond Chamber of Commerce, during an address, during the dedication, lauded the Odd Fellows for their display of confidence in building the hall in Richmond.

Frank D. Macbeth, of San Francisco, past grand master of the order, the principal speaker of the day, told in an interesting way of the ideals and accomplishments of the organization and the plans which were being carried forward to further the work of the order. He lauded the Richmond organization for its beautiful home, stating it was second to none in arrangement and beauty.

Mr. and Mrs. Paul Dunlap of the West Side have left for Placerville where they will spend an enjoyable two weeks at the home of relatives of Dunlap.

PROGRAM AND BANQUET ENDS BIG CEREMONY

Dinner Served by Rebekahs Concludes Program of Dedication

The people of Richmond turned out "en masse" to initiate the banquet hall of the new Odd Fellows home last night. A turkey dinner with all the "fixins" was prepared for 600 guests, but over one hundred people were turned away when the last drum-stick had been consumed. The tables were attractive with bowls of fruit and beautiful flowers and the dinner was systematically and speedily served by the women of Zephyr and Richmond Rebekahs. The complete kitchen could not be improved upon to take care of a large crowd in a short space of time.

Wallace Snelgrove, builder of the magnificent new home, was in charge of the banquet, which was so enthusiastically supported.

Perhaps the most outstanding feature of the evening was the enthusiasm and good fellowship displayed by those present. A feeling of warmth and good comradeship made each and every one glad that they were present.

After the sumptuous turkey dinner the crowd adjourned to spectacularly beautiful lodge room, where a program followed.

Frank D. Macbeth, past grand master, was the speaker of the evening, being introduced by J. C. Hitchcock, president of the hall association. He congratulated the lodge on the completion of their new home and spoke of the subscription that was taken to help defray the expenses of the building. \$3000 of the necessary \$5000 was subscribed in a very short time.

A male quartet, W. F. Eads, R. C. Olsen, Charles Bird and J. Barnard, entertained the crowd with several amusing and melodious selections.

Beautiful vocal selections were sung by Mrs. Roe and Mrs. Miller. The music for the evening was furnished by Hoover's pep, inspiring orchestra.

After the program the rugs were rolled back and the rest of the evening was spent in dancing.

J. J. Silva was the chairman in charge of the entertainment and dance.

Five Pittsburg Youths Arrested For Thievery

PITTSBURGH, Oct. 24.—Upon information gained from Salvatore Guerilla, 19, 350 Cumberland street, alleged self-confessed automobile accessory thief, police took into custody five other Pittsburg youths, who are suspected members of a gang that has operated in Contra Costa county for some time.

Guerilla was arrested on a warrant, sworn to by A. Gregory, local automobile dealer, who accused the youth of having taken a rifle and other accessories from his car while it was parked in front of his garage, October 12.

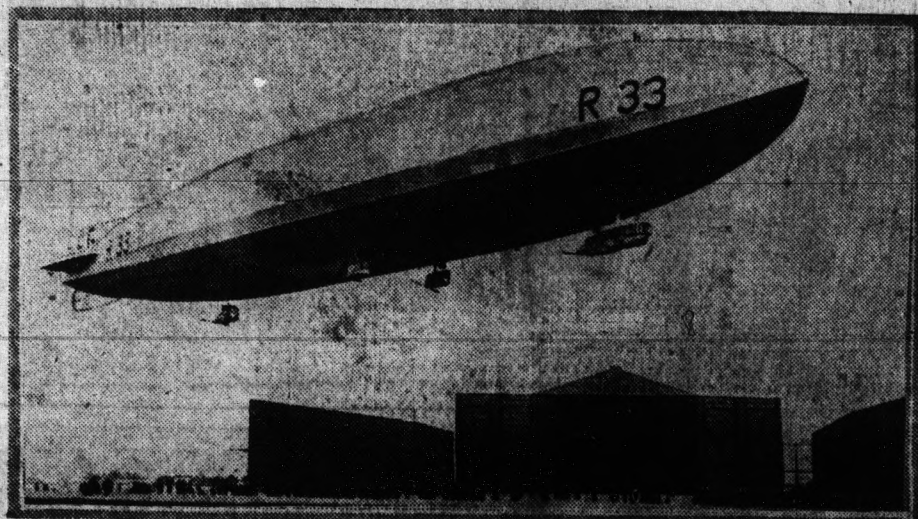

The police reported that a quantity of automobile accessories, believed to constitute a part of the gang's loot was found at Guerilla's home. The five other youths are being examined by City Manager Roy A. Watkins and Police Captain Charles Scudero.

Veale to Address Local Lions Club

The Richmond Lion's club will have as their luncheon speaker next Tuesday, Undersheriff William Veale. The chairman of the day will be Dennis Shaw, which in itself is enough to assure an excellent musical program.

BRITISH DIRIGIBLE R-33 STARTED ON ENDURANCE TRIP ON ENGLISH COAST TO GIVE NEW AIRSHIP THOROUGH TEST

This photograph was taken at Pulham, England, when the R-33 left her hanger for a 24-hour flight. The giant airship took the air without mishap. The flight was made in order that a thorough test might be made of the strength of the new lighter than air giants. A large crowd was on hand to witness the start. A few days later the R-33 carried an airplane aloft, released it, and picked it up again in midair.

MRS. KOBE IS GIVEN CHANCE OF RECOVERING

Mrs. Mary Kobe, who suffered a fractured skull yesterday morning when she leaped from an automobile driven by her husband at Twenty-first street and Nevin avenue, regained consciousness at 8 o'clock last night and at midnight attaches of the Cottage hospital, where she is confined, said that she has a fairly good chance of recovering.

Mrs. Kobe, who resides at 120 Twenty-second street, wanted to do some shopping on Macdonald avenue and her husband wanted to go to visit the Anton Busulich family at 2363 Clinton avenue. They were driving on Nevin avenue when Mrs. Kobe threatened to jump from the car if Kobe did not go to Macdonald.

Thinking that it was merely a threat Kobe continued to drive ahead. When he reached the corner of Twenty-first street he started to turn and his wife made good the declaration. She leaped without warning. She struck her head on the pavement, inflicting the fracture.

The Wilson and Kratzer ambulance carried her to the Emergency hospital and she was later removed to the Cottage. Kobe said he was only traveling 10 miles per hour at the time of the accident.

Program Given By Merchants

An interesting program of speeches and music is on tap for the meeting of the Richmond Merchants' association Monday night. Secretary Mrs. M. M. Jensen announced yesterday. The speaker will be Kenneth A. Millikan. Each member is to bring two or more guests.

Three Additions Are Made to The Local Population

The population of Richmond has advanced three in number by the appearance of these little new citizens at the Richmond Maternity Hospital. Mr. and Mrs. L. G. Bidwell, 265 Fourth street, October 22, a girl. Mr. and Mrs. J. H. Towers, 2380 Spito avenue, this morning, a girl. Mr. and Mrs. M. E. Hazelton, this morning, a boy. Hazelton is manager of the J. C. Penny store here.

Apprentice Club Has Successful Dance and Social

The Redmen's Hall elaborately decorated with blue and white the Santa Fe colors formed a beautiful setting last night for the dance given by the East Bay Apprentice Club of the Santa Fe. The entrance to the hall had been reconstructed to give the appearance of the rear end of the observation platform of a train.

Through the use of flowers, crepe paper and beautiful lighting effects the committee had formed an elaborate and enticing dance floor. Refreshments were served throughout the evening. More than 125 couples attended the dance last night as guests of the club. Carl Richard's orchestra furnished the music.

The committee of the club which is responsible for the successful affairs are H. Albrecht president, H. Ewing, J. Sanders, G. Coakley, R. E. Tevlin, V. Crespan and P. Williamson.

D. R. Cook and C. W. Poole apprentice instructors at the Santa Fe are the sponsors of the club.

Everyman's Class Will Journey to Oakland Today

The Everyman's Bible class which is a non-sectarian organization, will meet this morning at the Richmond theatre, Sixth and Macdonald at 9 o'clock, from where they will journey to Oakland to visit the class directed at the Franklin theatre by Dr. Snape of the Baptist church.

Crockett Man Injured By Automobile

Minor injuries were sustained by Charles Sendretto, Berkeley, yesterday afternoon, when he was struck by an automobile while walking along San Pablo avenue. The machine was driven by John D. Miller of Crockett. Miller took the man to the Emergency hospital, where it was found his injuries to be slight.

TWO GARAGES TO BE ERECTED

A permit was taken out by Carl Overaa who is the contractor for Mrs. Paulsen to erect four garages on the rear of her property at 435 Eighth street. The cost will be \$300. P. M. Sanford will also build a \$100 garage on Chandler between Eighth and Ninth streets.

BABY RETURNED HOME REUNITED AT BAY POINT

BAY POINT, Oct. 24.—Conscience clear and again happy, Mr. and Mrs. Stanley Cahill and nine-month-old baby Donald, are back at their home in this city today. Domestic troubles, in which Cahill, an engineer of the Associated Oil company, told his wife he would have to choose between him and the baby, caused Mrs. Cahill to take the child to Berkeley Wednesday night and leave it on the doorstep of Claude Gignoux, wealthy real estate operator.

Then followed three days of sorrow and loneliness until finally Mrs. Cahill went to the Berkeley Children's hospital, found the child and claimed it as her own. At the same time authorities were taking Cahill into custody upon information obtained from Bay Point residents who saw the picture of the baby in the papers and recognized it.

In the Berkeley Police court the couple poured out a tale of bitterness and remorse that caused authorities to allow them to return to their Bay Point home. Cahill told authorities that they went to Berkeley Friday for the purpose of getting little Donald. As they approached, Cahill said, they saw a policeman nearby and became frightened. Cahill told the officer that he was Henry Nelson, who in reality is Cahill's shift relief at Avon. He told him that he knew the Cahills and that the baby was not theirs although they had been taking care of it. Then Cahill excused himself on the pretext of going to get some cigarettes and did not return. He was taken off his shift early yesterday morning.

LOOSE FINGER IN ACCIDENT

William Humphrey, 241 Cypress avenue, Stege, suffered the loss of one of his fingers yesterday, as a result of a motorcycle accident. Humphrey was riding his machine on Twenty-third street when it hit the car track and skidded. He piled up with the motorcycle and cut the finger so bad that it was found necessary to amputate it at the Emergency hospital, where he was taken for treatment.

STORAGE TOLLS AT WHARF HERE ARE NOT LARGE

City Collected Only \$6,059.70 During 1925 For Warehouse Storage

(INSTALLMENT NO. 10)

During the fiscal year, ending June 30, 1925, there was collected for the City of Richmond for storage at the municipal wharf and wharf shed the small sum of \$6,059.70.

This indicates that although the volume of goods passing over the wharf last year was 166,267.39 tons, there was but little that remained in storage long enough for tolls to be collected for warehousing.

In other words, the goods were unloaded from cars, and in a short time were loaded on ships for ports in the orient.

The City of Richmond gets the storage fees and the tolls, but when there is practically no storage, there is no fee.

The big money is in the handling of the goods, and this the Richmond Terminal Corporation receives, and no part of it is received by the City of Richmond.

If special efforts were made to secure goods for storage, that would fill the excess space in the docks, considerable revenue would be the result.

The City of Richmond has over a million dollars invested in its harbor improvement, it is paying interest on this vast sum, and providing money for the redemption of bonds through taxation.

The Richmond Terminal Corporation was incorporated in 1919 with a capital stock of \$25,000, with a paid up capital of 5 shares. Whether any more stock has been issued is not definitely known, but if the entire issue was subscribed, paying an income tax on a net income of over \$14,000 is not bad.

Particularly is this true when the City of Richmond went in the hole nearly \$9,000 last year.

So far as the City of Richmond and the municipal wharf is concerned, it is still drinking the thinnest of skim milk, as far as revenue is concerned. The Richmond Terminal Corporation is enjoying the delights of all the cream. The City of Richmond is even furnishing the cow, with no expense whatever to the corporation.

Mrs. Baker Is Named Chairman For Food Sale

Mrs. R. Locke, chairman of Circle No. 5 of the Ladies Aid Society of the Wesleyan Methodist-Episcopal church, announced yesterday that Mrs. Clyde Baker has been appointed chairman of the pie sale to be given at the Independent Market, Seventh street and Macdonald avenue on Saturday, October 31.

New Postmistress Installed at Rodeo

RODEO, Oct. 24.—Mrs. Paul Ackerman has taken the oath of office as Postmistress of Rodeo, to fill the vacancy left by Mrs. Mildred Whitcraft, resigned. She has lived in Rodeo for five years, coming to this from Bingham, Utah.

When it was claimed several months ago that the postoffice had suffered from embezzlement and a sensational search was made for the postmistress, the position at Rodeo came into the limelight. Recently H. W. Warner refused the position upon the refusal of the government to send an inspector to make a thorough audit of the books before he took charge.

Officials Look Here For Craft

Local Waterfront Is Combed for Vessels That Engaged In Fight

CUTTERS PATROL SHORE

Marin County Officials Listen to Battle on Water Near Here

Richmond waterfront was being searched yesterday by officials for a battle scared craft belonging to one of the two parties of Hijackers and Rum-Runners who are believed to have had a battle of the shore of Belvedere and Tiburon early yesterday morning.

Authorities of Marin county were attracted to the fashionable Belvedere and Tiburon colony this morning by the rifle and revolver fire of what is believed to have been a battle between a rum runner and Hijackers who were attempting to steal their cargo while it was being landed.

Sheriff J. J. Keating of Marin county had received a warning that an attempt would be made to land a cargo of liquor. Although deputy sheriffs and a posse of citizens who had been gathered to prevent the landing of the liquor cargo stood nearby they were unable to distinguish the crafts because of the low hanging tule fogs.

At daylight a search was made of the waterfront of the entire section but it was fruitless.

Coast guard cutters patrolled the bay and scene of the battle all day yesterday making a close search of the Richmond waterfront where it was believed the vessels might have taken refuge.

It is believed by authorities that the two crews escaped without serious injury or that if any injuries or deaths were suffered the parties were taken to some remote place for treatment.

Hoey Gets Tag For Bad Lights

"Confound those light, they cost me more money than running the machine."

Thus quoth Deputy District Attorney James F. Hoey, to a husky traffic cop when he stopped the official and demanded:

"When did you have your lights adjusted last Mister—?"

Then upon taking a little closer look he discovered who the victim was and added "District Attorney" to the Mister.

That is how Hoey got his tag along with the score of other motorists who ran afoul of the light testers.

Friends of Mrs. Michael Cahill will be sorry to learn that a recent illness has confined her to her home at 322, South Fifth street for the past few days.

THE SHIPPING DISAGREEMENT

The American merchant marine continues to be in the limelight but not in any way calculated to reassure the American public as to its future. There is serious disagreement over the conduct of the fleet. The shipping board and the fleet corporation evidently cannot work in harmony, and a movement has started at Washington looking toward the abolition of the shipping board at the next session of congress. Commissioner Thompson, of the board, has countered this by resigning, for the expressed purpose of going before the people to prove that the shipping board is essential to the conduct of the merchant marine.

There is a certain group of internationalists in the country which would be pleased to see our entire merchant marine scrapped and the shipping business of the world turned back to Great Britain and other European countries.

The danger at present is that the people, already fed up on inquiries and investigations, will become disgusted with the whole shipping problem and lend a willing ear to these internationalists, who will of course base their plea on the theory that Americans cannot efficiently run a merchant marine and that it would be cheaper for the taxpayers were the whole thing to fall through.

It is therefore up to the great majority of the people, who believe in an American merchant marine to see that the sort of an international influence is rendered ineffective. It is fortunate of course that President Coolidge and the majority of the congressmen and senators of both parties view the questions in a sensible and patriotic way.

WITH PLAGUE RECEDING

American science is gradually overcoming the dread white plague and the death rate from tuberculosis is steadily falling, according to Dr. Allen J. Krause, of Johns Hopkins university. In twenty-five years the death from consumption in New York City alone has fallen from 280 per 100,000 population to less than 100 per 100,000 population. Other crowded cities, where the plague is always, at its worst, have had corresponding decreases in the death rate.

"The great decline in the death rate continues," he said in an interview. "The agency principally responsible is the organized combat through the many local associations affiliated with the National Tuberculosis association, financed largely by the sale of Christmas seals."

"There is no specific cure for the disease, but there are many special methods of treatment effective in individual cases. The one general method of treatment is based on rest to the patient, effective in several ways, some of which call for constitutional, or bodily rest and some for rest of the lung through surgical means."

SECURITY

Locarno is likely to take its place as the foremost among the Swiss towns elevated into world notice by the holding of peace conferences since the spree of Versailles in 1919. Without the motives that have been so strong in the previous conferences, the security convention bids fair to accomplish one of the most forward steps toward a union of national interests in Europe.

In this meeting, Germany showed major signs of co-operating with her ancient enemies in France and Great Britain. A good index of the spread of pacific intentions from the United States to all the world.

In some towns where it used to be part of the day's program to go down to the station and see the train go past, the natives now have the habit of waiting around for the bus to come in.—Detroit Free Press.

Since the Prince of Wales Went to Africa Fashionable Interest in Ostrich Has Increased.

Just how much the Prince of Wales has to do with the present revival of interest in ostrich it would be impossible to say. His visits to the ostrich farms in Africa were reported in daily papers all over the world. In motion picture houses people saw the image of the smiling young prince receiving enormous plumes just clipped from the backs of giant ostriches. Then at Wimbledon this year and last there have been marvelous displays of ostrich from the plume farms of Africa. It is the most natural thing in the world that French dress-makers and milliners should regard this as an auspicious time to use ostrich trimming.

One of the observers says that every milliner in Paris has his or

her own favorite way of using ostrich—which is just another way of saying that it is used in practically every conceivable way. Clipped ostrich made to resemble little flowers and leaves or in various geometrical shapes—triangles, diamonds, etc.—is included in the trimmings of Reboux, Agnes, Marthe Callot, and many others. Among the novelties of the season are tall, long tassels of ostrich. On a hat from Lucile Hamar three of these tassels hang from the side of a little cloche made of quilted silk. Lewis also makes use of the tassel and pompon of ostrich. For autumn and winter the milliners are making use of ostrich that is either gilded or silvered.

Apparently it is not enough to use ostrich on our hats. The old-time ostrich boa was revived by a number of well-dressed women this summer. Ostrich fans of bizarre shape seem to be coming back into the picture and there is nothing smarter in the shape of a parasol than one covered with long uncured ostrich plumes.

Enormous ostrich puffs trim some of the new evening frocks, not only by way of a girle adornment but to form a row all along the bottom of the gown. On evening wraps worn by many well-dressed women feather collars and borders of ostrich instead of fur.

Really quite remarkable are some of the ostrich fancies shown by the milliners, resembling in shape and coloring certain flowers. For instance Marthe Callot of Paris shows most natural looking azaleas made of ostrich flues. These form the trimming on one of her new Hindu turbans.

YOUR BOOK JACKETS

It really is a shame the way some people throw away their book jackets! Book jackets, you know, are the paper covers possessed by all new books, sometimes bearing the showiest of designs and always carrying most extravagant blurbs concerning the merits of the book within. It really doesn't do at all to throw away these jackets. The book may prove to be of only passing interest, so you may pass it on, because small houses and smaller apartments do not permit of saving of all the books you buy. Only the good ones have a permanent place in your book shelves. But the book jacket you must keep.

One rather faddy artist has papered a studio entirely with book jackets, and some of the most interesting ones come from the least important books. The gayer they are and the more preposterous the claims made about the books they cover the better.

A better plan is to make a frieze for your study out of them. Or you may choose to use them to cover a screen. One woman merely saves them in a scrap book and another mounts them on canyans and binds them together. As a matter of fact a really good collection of book covers may in the years to come prove to be quite valuable as well as interesting. Most people of course discard them. In the libraries the book covers are not treasured. If they had used book covers in the days of old how interesting and rare would be a book jacket from a first edition of "Vanity Fair," "Lorna Doone" or some other old-time favorite.

Graham Muffins: 3 cups graham flour, 3 teaspoons baking powder, 1 scant teaspoon salt, 3 teaspoon molasses, 1 egg, 1 tablespoon melted shortening, 1 1/2 cups skimmed milk, 1 tablespoon molasses.

Mix the flour, salt and baking powder well together, add the molasses—the egg, well beaten, shortening and last the milk. Beat together, and bake in buttered pans about twenty-five minutes. You

can use the same recipe with sour milk, using half the amount of baking powder and a teaspoon of baking soda, beaten into the sour milk till the milk foams.

Tomatoes and Mushrooms: Select eight medium-sized, smooth tomatoes. Cut a hole in the stem and scoop out the insides. Chop one onion fine, add to it a tablespoon of butter and allow to simmer slowly in a saucepan. When colored a deep yellow, add six ounces of bread crumbs which have been prepared by first soaking in water and then pressed nearly dry. Also add one dozen chopped mushrooms, one tablespoon of chopped parsley, a pinch of salt, one peppercorn, a dash of cayenne and four tablespoons of tomato catsup. Mix all thoroughly. Then fill the tomatoes and sprinkle with bread crumbs and melted butter. Bake in a moderate oven until brown.

EVER READY CLUB HAS HALLOWEEN SOCIAL

The Ever Ready club of the First Methodist church entertained the boys of the church with one of the first Halloween affairs of the season. The meeting took place in the church social hall and an unusually nice time was had by the young folk who enjoyed games, and amusing Halloween stunts.

Entertaining hair-raising stories were related by G. P. Glineberg, who was also in charge of the games. Refreshments were served by the committee in charge of the party, Mrs. J. O. Weston and Mrs. M. R. Burdick.

Lecture Given On Reading At Teachers Meet

Many teachers from San Pablo, Martinez, Crockett, Pinole and Berkeley, as well as all the local faculty, attended the lecture given in the Lincoln school last Friday afternoon, by Professor Clarence B. Stone, well known eastern educator and authority on silent and oral reading.

He told of the modern methods of teaching reading and brought out four of the most important objectives which were: Cultivation of a vocabulary suitable for adult needs, cultivation of economical habits of reading, training in enjoyment of worth while literature, and training in grasping the content of what is read.

Local teachers have started a course in connection with the University of California for the study of reading and its application to Richmond schools, and to look into procedure used in other cities.

Time was when Exide quality cost more. Even then hundreds of thousands of car owners gladly paid the difference, knowing that they would be repaid with longer life.

Today the same old dependability and long life are characteristic of Exide but the price has steadily decreased as the number of users grew and grew.

Today there is no need to pay more than Exide prices and you can't get better quality.

R. Barthelmess Is Starred In Film at Richmond

Richard Barthelmess and his wife, Mary Hay, are singularly fitted to play the young married couple of "New Toys," the young star's latest First National picture at the Richmond theatre today.

That is, they are suited in the fact that they are really and truly a young married couple. The young husband and wife of "New Toys" go through a lot of comic domestic tribulations over the fact that the wife longs for a stage career and chafes a bit at the restrictions of matrimony. Here of course, the Barthelmesses had to use a bit of imagination, for they are exceedingly happy in their own marriage, with a charming home and a lovely baby to hold their interests.

Barthelmess and Mary Hay were married when the two were playing in David Wark Griffith's famous production, "Way Down East." He was playing the New England boy hero and she was the flapper from the city. Just before this production Dick and Miss Hay then one of the big favorites of the Ziegfeld Follies, chanced to meet. They fell in love and the marriage took place just as "Way Down East" was being finished.

Other features on the same program include "Good Spirits," a Walter Hiers comedy; "Kinograms" world news events.

VARIETY BILL TO BE SHOWN AT CALIFORNIA

What promises to be one of the greatest variety bills to come to the California Theatre this season will be shown today, with Scheck's Animals and "Neptunes Garden" as the headliners of the big five acts of road show vaudeville, in conjunction with the screen feature "The Age of Innocence," starring Beverly Bayne.

Scheck's Animals present a miniature circus with ponies, monkeys and dogs, performing wonderful feats. The monkeys play all kinds of musical instruments and it is remarkable to see the intelligence they display. This is one of the best animal acts of its kind in show business today and will amuse the children as well as the elders.

H. C. Van and his Lady-Jazz-O-Maniacs in "Neptunes Garden" have one of the most unusual scenic-musical offerings ever presented in vaudeville. In a beautiful stage setting of Neptunes Court at the bottom of the ocean beautiful mermaids, each one a soloist, discourse music ranging from the classics to jazz, after being awakened by a diver searching at the bottom of the ocean for a wrecked vessel.

Victoria, Frank and Rose, two pretty girls and a boy, offer original poses in Plastic Art.

Ora and O'Brien, the comedy duo, with their latest chatter and snappy songs come as the laugh provokers of the bill.

sents an offering that will amuse as well as mystify.

Edith Wharton's popular novel, "The Age of Innocence," will be the screen feature of today's big bill.

Judging from Miss Wharton's reputation for authenticity, plus the fact that "The Age of Innocence" won the Pulitzer Prize in 1922, it is a safe bet that the photoplay will finally answer the eternal quest for that almost forgotten commodity—innocence.

The story is woven around the queer salad that results when Russian nobility is thrust into the innermost circle of blue-blooded, narrow-minded, bigotted New York aristocracy, whose noses are turned up to hide the lower classes beneath their notice.

The disturbing element is none

other than Beverly Bayne. In the role of Countess Olenska, while Elliott Dexter, as Newland Archer, is the upright and noble young man. Willard Louis has been chosen to interpret the very interesting Cornelius Beaufort, collector of china and women.

Other features on the same program include "Vaudeville," a cartoon; "Kinograms" news reel built like a newspaper; Carl Richards California Orchestra; Larry Canelo, at the mammoth organ.

Dr. and Mrs. Hall Vestal have as their house guest, Mrs. John A. Bean and son, Weston of Strawberry Valley. Mrs. Bean, a sister-in-law of Mrs. Vestal, has been attending the teachers' institute in Sacramento and will visit here for a fortnight.

The Spotlight

YOU'VE been in a theatre when the stage was dark, and a spotlight suddenly focused upon the thing you wanted most to see. Advertisements are like spotlights. They focus attention upon the goods that interest you most.

You could wander in and out a dozen stores and, in the confusion of many objects, overlook what would please you best. Yet by reading the advertisements, without leaving your home you can tell definitely where the desired wares are, their prices, how they will serve you. You can know actual values long before you buy.

Advertisements throw light on new comforts and improvements, too, you might like to own. They let you see conveniences other folks are enjoying—bring them within easy reach.

Let these spotlights guide you to standard goods. They'll help you save. Read the advertisements regularly.

Advertisements light the way to wise buying

Quality

The Biggest Factor in Economy

Fine quality built into an automobile makes it run well, wear well, look well for a long time. It keeps satisfaction high and operating costs low.

When you can get fine quality at a low purchase price you have gained the highest degree of economy in the purchase of an automobile.

Because Chevrolet represents the highest type of quality car at low cost it has been the choice of over two million people.

Church and Sunday School

THE CHURCH OF THE FULL GOSPEL

Three thirty-three Macdonald avenue. C. G. Weston, pastor.

These are days of progress. Such advancements have been made in the various fields of knowledge as have in centuries past been little dreamed of. Yet how many have learned that one thing is needful? How many have learned to put first things first? It is our calling to hold forth the light of the Christian life and hope in its unadulterated purity for whosoever will receive it. In your hurry and in your efforts toward advancement do not forget the "one thing needful." You are invited to attend these Full Gospel meetings they are for you.

Schedule of meetings:
Saturday, Sunday and Wednesday evenings, meetings regularly at 7:30 p. m. Sunday school 9:45 a. m. Sunday and regular Sunday morning service at 11 o'clock.

Richmond High Battles Six to Six Tie With San Rafael

TOUCHDOWN AT LAST MINUTE AVERTS DEFEAT

Proves too Much for Soldier

THOUSAND SEE TEAMS BATTLE

Recovered Fumble and Ninety-Five Yard Run Brings First Touchdown

Before a crowd of mostly home town rooters numbering nearly 1000, Richmond Union high school battled to a 6 to 6 tie with San Rafael Military academy in the best game seen this year on Nicholl field yesterday afternoon.

Coming from behind in the last quarter, Richmond unleashed an aerial attack that swamped the hosts from across the bay and after carrying the ball to within five yards of the goal on two occasions in that period, Quarterback Dalton sent Dutch Holland across the line, to even the score. Gray failed to convert.

A recovery of a fumble, oftentimes termed a break, a long 95 yard race and San Rafael had the first touchdown of the game in the first period. Gospiwe, former Richmond gridder, did the work. A bad snap from center hit and bounced off the shoulder of Mariola and Gospiwe, towering something over six feet skyward, made a grab. Chased by five-foot-five Walter Siegel, the long limbed academy tackle, raced the 95 yards.

The rapidity of action during and just prior to this play took the breath away from the backers of Richmond. The navy blue and red had just completed a thirty yard pass that brought the ball to their opponents' five yard line. Then the so-called break came and it was time to kick off again.

Then the two teams both held staunchly for the second and third periods with kicking featuring the game. Neither side could gain advantage on this style of attack, so at the beginning of the fourth the score stood 6 to 0 with Coach Hill's cohort trailing.

That last quarter will make history in Richmond Union high school. Richmond evidently knew what they were to do. Opening up with pass after pass, between everybody and everybody they took the ball from their own thirty yard line to San Rafael's five. Then another fumble came and the embryo soldiers kicked to safety.

Once more San Rafael got away. This time it was an interspersed pass and it was only the lightning race of Mervin Gray that saved Richmond from certain defeat. Finally Richmond got the ball again and with a half dozen more passes brought the ball to the six yard line. San Rafael got five yards for off side. It took three line plunges to get the piskin across and eliminate the chance of victory.

Mervin Gray probably played the best game of the day. In the first quarter he missed a fifty yard drop kick by inches. Then when it came to kicking and tackling, in short playing both defensive and offensive, Gray excelled all.

Dutch Holland upheld his reputation as being the best open field runner in the outfit by bringing the

ball around the ends and through the line for long runs on numerous occasions. Rowdy Dyer, also showed he was there, when it came to snatching passes. Captain Bill Milicevich on line defense and Mariola on plunging.

Too much praise cannot be given the entire team. They were playing against an eleven that averaged 165 pounds in the line and 145 in the backfield. Richmond will tip the scale at about 150 per man all the way through. Bill Milicevich had a hard time getting his punts away in the first quarter, as the giants of San Rafael were always upon him before he was ready to kick and he had to punt to one side.

A change of signals also added to Richmond's handicap. Gospiwe, having played under Hill, was pretty used to his style and signals, so a last minute switch had to be made. This was responsible for a number of the fumbles.

Following is Hill's lineup: Baldwin, center; Reimer and Mitch Milicevich guards; Fisher and Hutchinson, tackles; Carey and Borgstrom, ends; Dalton, quarter; Mariola and Holland, halves; and Bill Milicevich full. Subs were Holland, Dyer, Caldwell, Concannon, Seigel and Gray.

EMMETT SMYTH HAS JORDAN AGENCY HERE

Emmett Smyth, garage owner of 412 Macdonald avenue, has added the agency for the Jordan Eight to the list of cars he handles. He already takes care of the Paige and Jewett. This addition will give him two sixes and one eight, all three of which are among the outstanding cars of the country.

The Jordan, the first eight cylinder car to be produced at popular prices, has long been recognized as a quality automobile. It has a smooth and powerful motor, all steel body. It is built low and is easy riding, making it a favorite with the motoring public. Smyth invited the public to make an inspection of the car.

FORREST WRIGHT IS INJURED

Marshal Forrest Wright of El Cerrito received a scalp wound, slight body bruises and a wrenched back when he fell from the grease rack at Zimmerman's service station yesterday.

Health Service Will Hold an Examination

It has been recently announced by Surgeon General Canning of the U. S. Public Health Service that on December 7, 1925, examinations of candidates for entrance into the Regular Corps of the U. S. Public Health Service, will be held at Washington, D. C., Chicago, Illinois, New Orleans, Louisiana, and San Francisco.

Candidates must be not less than twenty-three nor more than thirty-two years of age, and they must have been graduated in medicine at some reputable medical college, and have had one year's hospital experience or two year's professional practice. They must pass satisfactorily, oral, written, and clinical tests before a Board of medical officers and undergo a physical examination.

Successful candidates will be recommended for appointment by the President with the advice and consent of the Senate.

Requests for information or permission to take this examination should be addressed to the Surgeon General, U. S. Public Health Service, Washington, D. C.

Old Landmark Being Wrecked

To make room for the two story brick building that will occupy the 85 foot lot on the southwest corner of Tenth street and Macdonald avenue, the old frame building that has stood on that location since the infancy of Richmond is being wrecked by J. Johnson, housemover.

The lower floor of the new building will be for stores while on the second floor will be the Moose clubroom and lodgeroom and several professional offices.

STROM OPENS CAR AGENCY IN PITTSBURG

J. P. Strom, Hudson and Essex dealer here has opened a sales room in Pittsburg where he has the agency for the new Auburn Eight.

ATTENTION I. O. O. F. The next regular meeting of Eclipse lodge, I. O. O. F., October 26th will be held in the new hall. Let's make it a big one. By order of F. H. HOOPER Noble Grand

STROM HAS RECORD OF A CAR A DAY

J. P. Strom, Hudson-Exesx dealer, has sold on an average one car a day since moving into his new and elaborate salesroom.

Strom expects to do a greater volume from now on by reason of the fact that Hudson-Exesx automobiles have been lowered in price during the past week.

This latest cut makes the third one this year and when one considers the value of these popular cars there is no better buy in America.

The foregoing is best evidenced by the fact that during September the Hudson-Exesx outsold every other make of automobile in California.

The grand total for Hudson-Exesx in California for September was 3150, the nearest competitor was the Chevrolet with 2718. These figures are for the entire state.

During September there were 31 Hudson-Exesx cars sold in Contra Costa County which give Strom something to be proud of in the way of sales.

Drawings for Coursing Meet

BEAR VICTORIOUS
PORTLAND, Oct. 24.—Starting at the first whistle and continuing until the firing of the gun, California's Golden Bear swamped the Lions Yellow Webfooters of Oregon 28 to nothing here today. Jabs was the outstanding star of the game, although, Young, Captain Malley, and Dixon showed up well. Young scored the first touchdown on a buck.

CARDS WIN 20 TO 10
PALO ALTO, Oct. 24.—The Oregon Aggies surprised a bunch of fans when they played Stanford today. They didn't win the game but they surprised by scoring at all. The Cards finally won by a score of 26 to 10 but the game was much tighter than the score indicates as the Aggies showed fighting spirit all the way and did their best.

SAINTS DEVOUR WOLVES
SAN FRANCISCO, Oct. 24.—After keeping the Phoenix of St. Mary's under leash for fifteen minutes, the Nevada Wolf pack was crushed 25 to 0 by Slip Madigan's men. Nevada never had a chance as they were never able to get within striking distance of the Saint goal. They did get pretty close in the last few minutes of play however.

INTERESTING FACTS
Abner Doubleday originated American baseball. A. G. Spalding published the first records. Charles G. Waite introduced the glove. Fred W. Thayer invented the mask. Roger Bresnahan introduced shin guards. Arthur Cummings threw the first curved ball. Robert Addy is the first player to steal a base. Umpires were introduced in 1879.

OVERLAND SIX CLIMBING IN SALES RECORD

Despite the fact that throughout the summer and early fall months production on the new Overland Sixes has been greatly increased, orders from the Willy-Overland national dealer organization continue to pile up in advance of the production schedule, according to officials of the Applegarth Motor Co., which represents that line here.

Ever since the Overland Six was first introduced to American motor car buyers it has been necessary to continually increase the production schedule on this model, until it quickly became one of the fastest selling models in the Willy-Overland line.

Production on the Overland Sixes during the first nine months of 1925 totaled approximately 40,000 cars, and the Willy-Overland factory during the month of October entered into a production schedule of more than 200 cars per day of this model.

Dealers report a nation-wide approval of both the Overland six-cylinder sedan models. The "Six" Standard sedan comes in a two tone gray with smart beading at the waistline, and is of the popular two-door type with long, narrow windows, and one-piece windshield, giving a maximum of vision and ventilation. The DeLuxe Sedan is a two-tone finish, with gray above the belt line. This model has four doors. Both cars are powered by the newly designed Overland six-cylinder engine developing 40 horsepower.

Books Available On Arrangement For Social Events

Program committee chairmen who are staying awake nights to worry about the program for their church or lodge entertainment, and who are wondering if their bazaar will pay, can sleep well o' nights if they borrow these books from the library. "Make Your Bazaar Pay," Burt. Recent book telling how to manage your campaign, solicit contributions, arrange with local merchants, decorate, finance and advertise. "Book of Entertainment and Theatricals," Dayton and Barrat. Gives advice on fairs, reunions, club dinners, plays with their costumes, scenery and make up, decorations, etc. "Up to Date Affairs," Linscott. New entertainment ideas for all sorts of occasions public or private. "Parties for Occasions," Wallis and Gates. More ideas for home entertaining which can be adapted to public affairs. "Money-Making Entertainments for Church and Charity," Dawson. Includes suggestions for dances, dinners, suppers, etc; fairs, socials and theatricals. "The Clog Dance Book," Frost. Gives directions for learning the fundamental clog steps and includes the music and steps for fourteen different clogs. "Rincoe Na Eirann," Burchenal. A recent book containing twenty-five Irish dances, with music and full directions for performance and numerous illustrations and diagrams.

Night Watchman Has Broken Hip

When he slipped and fell while attempting to board the Richmond-San Rafael Ferry boat, City of Richmond, Harry Bradley, night watchman for the company, sustained a broken hip. Bradley fell heavily on his side when his toe caught in the chain across the slip. The Wilson and Kratzer ambulance took him to the Berkeley General hospital for treatment.

REDUCTION IS MADE IN PRICE OF STAR CARS

Another important price announcement has just been made by the Durant Motor Company of California, according to C. C. Kratzer, local Star dealer.

Both the Star Standard Coupe and the Standard Sedan have been reduced \$70.00 making them the lowest priced cars in their class with four-wheel brakes, natural wood wheels and balloon tires as standard equipment.

"The recent price reduction on the Standard Coach," said C. C. Kratzer, "has had a marked effect on our closed car business, and this present cut on the coupe and sedan will add further to the steadily increasing Star sales in all points along the Pacific Coast."

"Low cost buyers have been quick to recognize the exceptional values that are being offered in the various Star models, and for this reason we are experiencing each month a healthy amount of business."

"The Durant factory officials report that these reductions have been made possible by volume sales which has enabled them to cut down production costs, and the saving is passed on to the low cost motor car buying public."

"Every month this year Star sales have shown an increase in every section of the country in spite of the keen competition that now exists among the various makers of automobiles. Star has made a name for itself as a car with unlimited power for all hills, and has proven a winner with the low cost buying public, because of its standing up qualities, and inexpensive upkeep costs. These are the things that have put the Star where it now stands in public esteem."

"During the tremendous output of Star cars the Durant factory has never forgotten the quality first idea, and whenever a cut in production cost has been made the public has always been able to enjoy this saving, which is passed on to them in the form of low cost motor car transportation."
